

# RALLY FOR LIFE

# 2021

## SAT, JULY 3RD, 2PM

Opposite the GPO, O'Connell St, Dublin 1.

This is a socially-distanced and local rally as part of our campaign to urge TDs and the public to :

### **#RethinkAbortion**

This year the **RALLY FOR LIFE** is a time to come together to ask our TDs and the Irish people to **#ReThinkAbortion**.

Many people, even many who voted Yes, are horrified by the outcome of the new abortion regime.

- A baby misdiagnosed and aborted in the National Maternity Hospital, as his devastated parents, who say abortion was the suggestion of doctors, desperately seek answers.

- Women told by the HSE to flush the body of their baby after a medical abortion 'down the toilet'.

- 6,666 babies whose lives were lost to abortion in 2019, the first year alone

- Late-term abortions taking place in Irish hospitals, despite assurances that this would never happen. (BJOG, 2020)

-There is no compassion or dignity in this false solution. We can do better as a country. We must demand better for mothers and babies.

JOIN US on Saturday, July 3rd for a socially-distanced event urging the government and the people to **#RethinkAbortion**.

This is a local rally event for Dublin. The National Rally for Life takes place online, July 4 on Facebook and YouTube.
